Wholesale Trade List

..OF..

THE ELIZABETH NURSERY CO.

ELIZABETH, N. J.

Office: 96 BROAD ST. Telephone: ELIZABETH 1251.

☞ On April 1 we will remove our office to our new property on Wilder Street, half a block from North Broad Street. Take Lyons Farms cars, which pass Wilder Street.

Customers are requested to state mode of shipment, express or freight, and by what route. When none is given, will forward to the best of our judgment. In no case do we assume responsibility after goods are shipped, unless for our own mistakes.

GUARANTEE.

While we exercise the greatest care to have all trees, shrubs and plants sold by us true to name and free from disease, and hold ourselves prepared to replace, on proper proof, all that may prove to be otherwise, we do not give any warranty, expressed or implied, with respect to them. Any and all such goods are sold upon the express condition and understanding that in case any of them prove to be untrue to name, unhealthy or otherwise defective, we shall not be held responsible for a greater amount than the original price of the goods.

All claims for errors or deductions must be made immediately upon receipt of goods.

We cannot fill long lists for one or two of a kind at hundred rates; will charge at single rates; 50 of a kind at rate of 100, and 500 of a kind at rate of 1000.

Samples will be charged at hundred rates.

DECIDUOUS TREES.

CERTIFICATE.

New Jersey State Board of Agriculture.

NEW BRUNSWICK, N. J., September 26, 1901.

This is to Certify That I have this 26th day of September, 1901, examined the shade and ornamental nursery stock growing on the Elizabeth Nursery Company's nurseries, Elizabeth Nursery Company, Proprietors, at Elizabeth, Union County, New Jersey and have found the same apparently free from San José Scale and other dangerously injurious insect pests; also, that the shade and ornamental stock examined was in an apparently healthy condition. This certificate is good only for the shipping season of the Fall of 1901 and Spring of 1902, and covers only shade and ornamental stock actually grown on the nurseries examined.

JOHN B. SMITH,
State Entomologist.
